

As a professional organization, Foundation for Early Learning understands the importance of giving back to the community by supporting education. What we consider our community is everywhere that we interact, do business, live, and connect. We believe in investing in creative minds and providing them with adequate confidence, support, and resources to develop their skill and talent. We are committed to building strong, vibrant communities, improving quality of life, and making a positive difference where we work and live. We strive to provide an environment that encourages cooperation, life balance, as well as giving back and supporting the community in which we live and work.

We truly believe that education opens the door to opportunity. A CDA scholarship is given each quarter to support students who invest in their future through education. We presently are offering one child care center a class for two persons at no charge within the month or one family child care provider two classes within the month at no charge. Selection will be determined by drawing a business card the first of each month.

If you wish to participate in the drawing for the class, please send a **business card** to Foundation for Early Learning, 120 Norfolk Place, Monroe, LA 71202.

The class must be taken within the month drawn. The first drawing will be March 1, 2010. The winning center will be sent a coupon by e-mail that must be attached to the registration form and mailed to our office.
